Such a place will allow all Wake Forest students the opportunity to reach their highest potential and it is my hope that I can help them get there.

My name is Katherine Moore, and I am an 18 year old freshman at Wake Forest. In high school I was very active in numerous organizations and clubs. In every case I was a member of organizations that held good character and high morals as the center of their beliefs. I, as an individual, strive to uphold these beliefs in my everyday life and believe that in a leadership position, I could positively direct others in that direction.

**Jordan David Wong**  
Experience & Activities:  
I was Vice-President of my class for 3 years in high school. I was also a Student Advocate and an avid actor and sumo wrestler.  
Platform:

The Honor Council should be composed of people that you trust, people that will make unbiased decisions on the cases brought before them. As an Eagle Scout and a Christian, I have learned to be honest and loyal, not only to others, but also to myself. Kermit the Frog once said, "Before you can trust others, you have to learn to trust yourself." I want to represent all of my fellow students by being on the Honor Council, so on Tuesday, remember...  
"a vote for Wong can't go wrong."

## CANDIDATES FOR STUDENT GOVERNMENT LEGISLATURE

**Babcock**  
**V. Louise Cherry**  
Experience & Activities:  
High School Student Government Student Legislature (1994-95)  
Platform:  
I feel that student government has the power to accomplish a lot on this campus. I would like to continue working on student government so that I may help in the up and coming policies for this year. I believe in keeping people on campus informed and also getting feedback. I will vote for the people I represent not myself.

**Allison Cole**  
Experience & Activities:  
Presidential Scholar (violin), KKG standards committee, New Student Leaders retreat, Wake Forest University Orchestra, Dean's List, Student Member Maryland State Board of Education 1993-94, Maryland Association of Student Councils, Chesapeake Regional Association of Student Councils Executive Committee, Corresponding Secretary Class of 1994  
Platform:

Have you ever wondered where all the commitment, hard work, and money we contribute to Wake Forest goes, or who comes up with all the policies we live by? In the past these questions have frequently crossed my mind, and sometimes my reaction has been one of doubt and disappointment. Although I believe Wake has countless attributes, I see many policies that have adversely affected students. My goal for this year is to contribute to making student life on campus an enjoyable social and academic experience.

**Carmen Vaughn**  
Experience & Activities:  
High school student council representative, Wake Forest Executive Committee for Food Services, Project Pumpkin candy committee, Student Advisor for freshmen  
Platform:  
As a Wake Forest student who wishes to see the university progress for the students, becoming a legislature representative would be a meaningful experience in which I could work directly with other students to formulate new policies and changes. Issues that I believe need to be addressed: the scarcity of parking during weekdays, the need for information about professors to be available for students, the possibility of extended cafeteria hours, and working with the administration for the possible creation of more financial aid to compare with the rising tuition costs for future Wake Forest students.

**Bostwick**  
**Elise Adams**  
Experience & Activities:  
Student Council, Yearbook Editor-in-Chief, Secretary of FCA  
Platform:  
I am responsible and dedicated and would love to represent Bostwick in the legislature.

**Tina Carlucci**  
Experience & Activities:  
Served student government in high school for four years in the positions of senator, secretary, and president of my class.  
Platform:  
As a legislator, I hope to ensure that your concerns and ideas are heard by the entire Wake Forest community. In my four previous years of experience, I have learned that representation requires two special qualities: cooperation or the ability to work with others and understand the various points of view and dedication, being truly committed to the people you serve. To ask someone for their vote is to ask for their trust. I hope to bring a fresh perspective as well as cooperation and dedication to student government this year. I look forward to getting to know you as we begin our time at Wake Forest together and I hope for your trust as well as your vote.  
Thanks!

**Maggie Shaffer**

Platform:

As a resident of Bostwick, I would be excited to represent my fellow dorm-mates in the legislature. Having attended three different high schools, I have been exposed to several different student governments, and gathered numerous ideas from those governments. Most importantly, I have learned that the most effective leaders are those that put even effort into truly representing their constituents. I am a qualified candidate because of my strong desire to represent my dorm. I would put every effort into this job, and enjoy every minute of it.

**January Hope Streeter**  
Platform:  
Cheaper rates for staying in the infirmary. Lowering parking tickets. My platform primarily concerns the cost of living at Wake Forest. I support decreasing the rates of staying in the infirmary as well as the cost of parking tickets. As far as the rest of my platform, I'm looking forward to listening to my constituents in Collins for further ideas.

Platform:  
Some of the items which I feel need addressing this term are parking tickets fines (they are a tad high for our already thin wallets), the completion of the Shorty's renovation, and perhaps a shuttle to take students without cars to athletic events. However, I have and always will consider the issues considered important by my constituents as my primary concern.

**Huffman**  
**Catherine Jones**  
Experience & Activities:

**Haynes Gentry**

In High School I held no formal position in student government and now realize what a mistake I made. At Wake I want to have the input I didn't have in High School. Without sounding fake, I want to say that I do wish to have and involvement in making decisions that reflect me classmates. I feel I can do this since I have met many of my classmates already and believe I can now find out what it is they want or would do in my position.

**Melissa A. Michel**  
Experience & Activities:  
I served on my high school Student Government as both Vice-President and President. I was also appointed to me Honor Council for 3 consecutive years.  
Platform:  
When I was in high school, my friends were constantly nagging me because I was always on my way to a meeting, putting up posters, or making phone calls. Now that I'm in college, I'm bored. I can't wait to get involved again. With your vote, I'll be sure to leave my mark on Wake Forest.

Platform:  
I will serve as a voice in the legislature for the needs and wants of the residents in Johnson dorm.

**Brian T. Singleton**  
Platform:  
As a member of Johnson Hall, I am concerned that we need to input our ideas along with other halls to form a better government that is beneficial to the student body. Therefore I am running for legislature for Johnson Hall so that we have a communication link between our hall and the student gov't.

Platform:  
Last year I made a pledge to increase my involvement within Student Government and I feel that I succeeded in that goal. I developed the Major/Minor Informational meetings and wrote the bill that turned the meetings into a reality. I also worked closely with the Computer Proposal for the Class of 2000. I supported the plan when it came to a vote, only after gathering enough feedback from my constituents. I will always remember who I represent, and I will do that to the best of my ability.

Platform:  
With prior experience in the SG legislature,

hall government, and the Resident Student Association, I believe I can bring a depth of experience back to the legislature in representing the students' voices on campus. I intend to stand up for what the students' views are on any subjects that are raised, not what others' views might be.

**Piccolo**  
**Eric Clayton**  
Platform:  
The Piccolo residence hall is so far away from the center of campus, which makes it difficult for the residents of Piccolo to stay as well informed of important issues in this school as other residence halls. As a past student legislature I have been able to experience first hand the inner working of Student Government. Like all organizations Student Government could do with a few improvements, as well as Wake Forest. My goal for this year is heard in order to improve this University. For it is our University and only through speaking up are we able to let the school know how we feel thereby improving it. Student government is a channel we can use to accomplish this goal and that is why I am running for student legislature.

Experience & Activities:  
Project Pro Humanitate Committee, Project Pumpkin Committee, LEAD  
Platform:  
I intend to do my best as a legislature to assist Student Government in implementing its agenda.
