App. and Budget Committee
Campaign Statement:
My primary reason for running is to serve the student body. I fully enjoyed my time last year as a legislator and serving upon the App and Budget Committee I gained great experience over the year and would like to put that experience to work again for the students of Wake Forest.

LUTER
Experience:
I was very involved in Student Council last year at my high school. I held the committee chair position for Fundraising Committee. I was very involved with the administrators of the school and was key in implementing many policies. I am also an Eagle Scout which has given me much experience in leadership.
Campaign Statement:
I feel that the only way for a school to be beneficial to its students is for the students to get involved. I feel that participation in Student Government is a key concept in helping Wake Forest become a better place to live and study. I want to represent the students, because it is the students who live here. I feel they should be adequately represented because the student is the one directly affected by new policies. I want to represent you in Student Government and I want to help Wake become a better place for all of us.
